me a notification that I've got another hour to claim my streak, but there will be no streak to claim when I open the app (either through the notification or directly in the app list/drawer/whatever). This happens randomly, sometimes after just a couple days' streak, and other times after somewhere in the 20's to 30's. It's the inconsistency that's frustrating. Other than that, I do like the app a lot.

Join live streams, have like battles or get creative and make fast friends online. You can meet so many people on here, yes there's some people that aren't nice but the majority of people on here are nice. This is one of the best streaming platforms I have ever used and I would use it any day over Twitch. I recommend this to anyone that just likes chatting

with viewers, or likes playing video games on stream but also paying attention to the people that come in. I always like to stream and talk about random stuff like what's going on I'm the world and sometimes I talk about what goes on in my life. I like how you can go under a tag too so that people know exactly what's going on in the stream before going into it. I love meeting new people on there and just starting conversations because there's a lot of people on there that are nice. In general I love this app and I will continue to use it for as long as it's still up which will hopefully be a long time!
