Do not reuse needles or other items. When the box is full, follow all local rules for. The Highs and Lows of Testosterone: What You Need to Know. But this year's honorees are also experts at using technology as a competitive tool to start and grow businesses in traditional industries: they sell shoes to tall women; bling to urban youth; houses to middle-market buyers; cookies to college students. Count on them, too, to use blogging and social networking to boost brand awareness of their products and services. They're much more likely to rely on word of mouth and viral marketing than on traditional advertising and promotion. It works for them not just because they're wildly social animals, but

because they've grown up with the concepts of team work and collaboration. Nothing illustrates that more succinctly than the number of partnerships in our 30 under 30 list: more than half of our young stars started their companies with one or more partners. Throw away unused or expired drugs. Do not flush down a toilet or pour down a drain unless you are told to do so. Check with your.
