What is the Best SUV for Seniors in 2022?. A city bike is for people who want to commute to and from work, go from dorm-room to campus, run errands, all with ease and comfort. These bikes typically have fewer gears than a road bike and larger tires, but they can still be fast, depending on the model. If your commute is long, you'll want to look for a bike with a more aggressive handlebar position, meaning that the bars are flat and set

lower than the saddle, allowing for more speed. If you're just wanting something to cruise through the city on, you'll want a bike geared more toward comfort, with a more upright position, fewer gears and possibly a front-basket or rear-rack.
