dead!. He didn't want the image of you dying in his hands  
to replay, .. When he opens the box with shaking fingers, he  
chokes. It's beautiful. A gorgeous platinum band - twining  
platinum bands - with layers of rubies and diamonds  
adorning the glimmering ring. These are real. Part of you  
knows if she do, you'll never stop. "It's my fault! All of it!"  
He scolded himself. If he's not that difficult to confess his  
feelings! A/n: This is based off a poem I wrote in like 6th  
grade. he grabbed your hand and stared at you, "don't tell  
me you're rooting for them!" he exclaimed as you shook  
your head, "I'm not but it's the truth. you want to know how  
to defeat them? I'm your only gateway in and I'm telling  
you, these next generation heroes aren't going to be easy  
to defeat. they know what they're doing and it's going to  
take a lot of us to be able to defeat them.". you gave him a  
look as he sighed dramatically, "don't mind her. .she's

special," you giggled as the bartender gave you the drinks. you held up your drink and did a small toast before chugging the shot back. "Promise me you'll move on. Let some other extra take you out to nice dinners. Make you laugh. Make you smile. Maybe even have the family we hoped to have.". You want to know what they called this? It's called life. he scoffed, "stop trying to save this relationship! we're going to be heroes! you know heroes can't handle relationships!" you gripped his wrist as your eyes darkened, "yes it can! how would you know! we haven't even tried it!" you retorted. I step in front of him, and his eyes go wide at the sight of me shielding him. Everything slows down. "just moved across the street, what's your name?" you asked grabbing his hand. you knew exactly who you were talking too but you decided to act extremely dumb to it, "Dabi, what's yours?" he asked. Fucking Jirou. Fucking Jirou, sticking her foot out, tripping him so Midoriya crashes into you kissing you square on the mouth. As soon as your lips touch, the air evaporates from the room, the oxygen dissipates from the restaurant, only to be replaced with methane and this kiss is the single match needed for everything to go up in flames. But Bakugou stole your heart in high school, has it under lock

and key - only the key may as well be in Atlantis because your heart is, has, and always will be his. God, it's been a lifetime since your hothead - he isn't yours, he isn't yours, h e i s n ' t y o u r s - snatched you by the wrist, crushed you to his body like'd you'd seep through the wooden lines in the café's floor. You can't help but compare Midoriya's clean-shaven cheeks to his 5 o'clock shadow, the taste of salmon and beer to the flavor of spices and whiskey, the scent of electricity and Old Spice to the aroma of nitroglycerin and Creed Aventus. You're unlocking the door to your car, wrenching it open, ready to drive for hours, until the gas tank's empty, only for a muscular arm to slam it closed before caging you against it. - you were in hosu for your internship and you had gotten midoriya's location so you rushed to make sure he was okay - when you got there he was on the ground with the hero killer above him, gripping his knife tightly - you quickly attack him with your quirk, trying to dodge his knives - however a trail of ice appeared and took your focus off the villain you were fighting, giving him the upper hand - he plunged his knife into your stomach and you tumbled to the ground - "y/n!" todoroki's voice was filled with rage - "oops, i didn't mean to stab them that hard" the hero killer licked his weapon

and you felt your body freeze up "one less person to deal with" - your consciousness was in and out throughout the fight and you couldn't really focus on anything that was happening - your consciousness resurfaced when you were gently picked up, you opened your eyes but everything was black - "sho?" - "shh," he hushed you "i'm here" - "sho, i can't see" you whispered as you nuzzled your face into his chest - todoroki didn't show it, but he was worried sick, he need to get you to a hospital asap - as you guys stood with the heroes in front of the hero killer, he felt your body go limp once again and he tightened his grip on you - you were taken to the hospital as soon as the ambulance arrived - todoroki waited outside your hospital room until he was told you didn't make it - he reluctantly went back to his joint room with midoriya and iida but he didn't speak to them - he refused to talk to anyone after you passed away, unless he absolutely had to, which wasn't much - when he did speak, he was a lot harsher than he used to be and everyone left him alone for the most part - he only stayed in UA because he knew how much you wanted to be a hero and he wanted to be one of the best to honour you, he even considered taking your hero name ~~~. in which bakugou katsuki is painfully oblivious to your feelings, and realizes

his own too late. this was going to be the first mission you were going to be on and actually 'show' yourself to the world. you felt nervous jitters running through your body as you put on your very unique uniform. Summary: There once was a group of Gods called 'The Protectors', all fatally wounded after the Golden War. Now, another great war is beginning and their reincarnates must find each other and stop it. You decide to finally make an attempt to attack, taking out your approved bo staff. They're a prototype Mei made for you, making them fire proof and light to the touch. She took in account that your wings can only carry a specific amount of weight before becoming useless. ". Kami, do you have your 'location' setting on?" You ask, swallowing thickly, staring down at your phone. "What? 'Course not! I'm not that big of an—" "He does and he is," Jirou affirms, showing you the picture he'd posted online not more than 5 minutes ago. With your location. "hey! hey! don't!" Kirishima screamed as he stood in between the two of you, "walk away! one of you walk away!" Kaminari added as you scoffed and shrugged Kirishima's hand off your shoulder and walked away. "Who said I was running?" You grit out, your head thumping against the window. the mission all of you were going on was a simple one. going to

much noise. bakugou liked that, there was always too much

You're staring at the menu, have been for the better half of  
15 minutes, though it's a fruitless endeavor because the  
thing is a fucking phone book, your dyslexia is so terrible  
you have no idea how you graduated TEENgarten, let alone  
high school, and you have the attention span of an ant. The  
scarce remains of your heart endure the pain. "because our  
relationship was doomed to fail from the start.". You  
haven't spoken more than 3 words in days. "I love you  
Hispanic fics can you possibly write one of Shigaraki trying  
to learn Spanish so he watches Dora the explore to impress  
readers parents and reader moms like hija, estas saliendo  
con un idiota". You can handle anger, used to handle the  
embodiment of anger back in high school, until graduation,  
where he blurted out his feelings for you in the café you  
frequented together so frequently the baristas knew your

orders by heart, words pouring out of his mouth so fast you could've sworn he was speaking in tongues, only for his fingers to tangle in your hair, his arm to latch around your waist, and his lips to crash against yours.. . "The moment you hear I'm dead i want you to immediately be there for her, heck fucking run to our house or some shit. Comfort her and don't you fucking dare leave her side for those couple of weeks, even months. Of course it'll take time for the wound to heal and turn into a scar, but please, take care of her, be there for her, protect her, make her happy.." Bakugou said while gritting his teeth. "Watch where you are going, Pomeranian." You said to him. You said nothing but stared at him, your eyes wide with shock. Soon, you choked out words. "I thought you confessed to me though. !" You cried out. "W-wha did i do?! Did i stare too much?? Sorry for that i was just dozing o-". Bakugou's S/O dies in a crash, leaving him a single father. You were exhausted, wore out, and almost at your limit. There was a huge group of villains that were causing destruction throughout Musutafu. You were fighting beside Katsuki, much to his protests. He wanted you and your unborn TEEN safe, but you wanted to give him the help he needed. Sure he was the number one hero, but even the best of the best needed help. You took

down a majority of them, but you guys had to fight the stronger ones now. You had taken down one of them and you were happy and focused, that you didn't see the villain come up behind you and stab you through your back and into your stomach. You coughed up blood and fell to the ground unconscious. Katsuki saw this and immediately widened his eyes and ran over to you. He looked at you on the ground and immediately got pissed and exploded the villains to oblivion. He picked you up and ran you to the ambulance that was on scene and the paramedics immediately took you to the ER. "Because Mr. Pro- Hero some of us are college students barely staying afloat! It's my last semester so let me live, you ass! Also you are so much like your mother babe, it's kind of funny." You said to him. His head was bulging in irritation as he sat next to you. You're parents didn't really like Katsuki which made you put off telling them until you were very obviously pregnant Katsuki wanted to come with you to support you and help keep you calm but you knew it would make them uncomfortable. Bruh the fact that people are still reading this astonishes me bc this was written by my little baby mind a few years ago and I had no idea how to write a good story (still don't) AJDAKFKS I was actually shocked to come

back on this app and see that this had 230+ notes LOL  
Thank u for the support though! Sorry I don't upload here anymore. I may rewrite this as my writing skills have slightly improved though! "Go on a date with me." You said as you and bakugou walked back to the dorms together after a sparring session. "Y/N!" He said dropping to the ground taking you from the girl who was holding you. friendly reminder that my ask box is open!. I'll try and update as often as possible!. "You jerk, this is how you ask me? And like an idiot of course I'm putting on the ring with no hesitation." You giggled around your tears, admiring the ring you had just placed on your finger. Tears streamed down Kirishima's face as he broke down and hugged (Y/n) closer to him, rubbing his hand up and down her back soothingly. Words didn't get spoken, after all what was there to say? 'It's okay?' No, because it wasn't okay. Bakugou got killed, their best friend and they both saw it happen. 'Don't worry, I'm here?' That was just something cheesy to say which didn't fit the situation and Kirishima knew much better than that. 'You're gonna be okay' She was gonna be broken for a long amount of time, her heart having to heal for atleast two years. 'No need to cry' was already obvious why that shouldn't be said. Kirishima

sniffled and inhaled, looking down at her. "I'm here, and i promise you that I'll never leave your side..I can't replace Katsuki and that's definitely not what i want to do, but I'll help you get through this and i want you to know that you're not alone, (Y/n)" He whispered as his tears fell on top of (Y/n)'s hair. The woman didn't respond with words but she gripped Kirishima's shirt and buried her face into his chest, continuing to cry and sob her eyes out. Kirishima pulled her closer and buried his nose on top of her head. He wasn't sure what was going to come, what things would happen after this and how this would affect everything..But he was sure of one thing, And that was that he was going to held onto that promise he made 6 years ago. See, that's what the app is perfect for. You were currently sitting with Katsuki on your living room couch, cuddled up of course. This what you guys usually did on a Saturday evening, watching cheesy chick flicks (it was his idea but he will never admit that). This was one of the times that he wasn't actually screaming at somebody or something, he was very calm and collected. These were the days he enjoyed.

"Eijirou i need you to make a promise to me, a promise that is very important to me" Bakugou said while leaning on the balcony and looking over the forest that was next to the

mansion. "Give me that baby!" his mom said snatching the baby into her hands. You only giggled at her excitement but Bakugou threw a fit. "You're so dull." "And boring." "And ugly." "It's your fault that you rejected him in the first place." "Creep! Eek!" "I'm glad Oikawa-senpai made it clear that you don't have any chance with him anymore." "And we still have our chances with him!~" "Whoever dates him is sooooo lucky! Wahh~ At least it won't be stinky old (Y/N) anymore." "Yeah! He/She/They are so mean to him!" "Ewww.". It made the man smile a bit himself, because HE was the reason they 'got it on' and to see his best friends so happy made himself feel very happy. "Y/N, i'll get you out first, you're right here. Then we'll get kaori together." He said tears spilling from his eyes. Not only was he going to lose one important person, but two important people. He squeezed your hand begging you to wake up, but you wouldn't. He could only blame himself, he couldn't protect you. he will never let himself get over it. It was his fault you were in this position. He started sobbing uncontrollably and loudly. If only he would've protected you a little more. "Whatever you god damn extra, get outta my way i'm gonna be late." He backed off shocking his small group of friends. "Noo.. Kat get Kaori first." you whispered to him.

"Nothing, I just love you and I believe you just said H-E double hockey sticks so we're getting takeout on the way home, love." You said kissing his cheek. He only stuck his tongue out at you before mumbling a quick 'i love you back'. It's getting more painful now he's drawing closer to the day he knew his mind was counting down to. As much as he wanted to relish in the memory all he could think of was how Kaori wouldn't remember you or your melodious laughing. How he should have said I love you more clearly in that moment. He wanted it to stop, he wanted the flashes to stop, the memories to stop but they wouldn't and he knew because they were telling your story. You bet your ass that this man slipped in some ice cubes because he will treat you like the absolute god that you are in his eyes. Was he a bit rough, were you really tired or was it a special occasion? Heck, he'd do it sometimes without reason anyway, but he'll run a bath. Scented bath salts, bath oils, bubbles, candle light, soft jazz in the background you name it he'll take out EVERYTHING there is. Once he's got everything he needs, he'll come back the bedroom while setting the glass of water on the nightstand and kneel down. He'll run his fingers through your hair while looking at your dazed face oh so lovingly because you were his to

hold and his to love and oh god he was gonna marry the  
shit out of you. YA GIRL IS FINALLY 20. Ok bye lol. he smells  
like lavender and sandalwood incense, that plus sweat and  
hairspray after a concert he loves the smell of coffee he  
wears an old band shirt and boxers to bed wbk i've really  
only seen him shipped with raihan n thats pretty cute ngl i  
think they balance eachother out nicely like raihan gets  
piers to actually do things and piers stops raihan from  
doing really stupid things (though they've definitely done  
something really dumb together once or twice) i would  
assume that he and marnie are as good of friends as you  
could really get with siblings? they probably sit around  
listening to and making music whenever neither of them  
are busy sweet tooth by cavetown makes me think of him  
(cause i love him u\_u) as a pokemon he'd be a zigzagoon  
for obvious reasons and as an animal. .. hes a cryptid,  
specifically a wendigo he can't fall asleep without hugging  
something (usually a pillow) he's a monster energy drink  
addict lover if i could, i would give him a kiss and maybe  
sing a song for him too. Just another preference book on

them, go to their plays games whatever their hobby's are,

go to their graduation and be their fucking #1 fan with whatever they do..If i have a daughter, walk her down the fucking aisle when She get's married and make sure She get's a good guy and to make the boys fear you when they first meet you" Bakugou said, his hands starting to tremble from all the emotions that were currently rushing through his veins. "Katsu? I-I have something to tell you. " you said, your voice shaking.. She was dying. Slowly and painfully. He was dying. Not physically, but mentally. Watching her fragile body was not something Bakugou wanted to, but for him it wasn't a choice. He loved. She was dying "Bakugou-"

I want her to grow up knowing she is so loved by you so tell her everyday from me and you that you love her more than anything. I want her to know she can come to you for anything so don't be such a hardass to her when she starts to rebel a little. . I don't want her to forget my face or my voice too much, so as much as it might hurt at first show her all the pictures and videos we took over the years. And when she's old enough to understand what happened tonight tell her she doesn't need to go to my grave if she ever wants to talk to me, I'm always watching over you both, promise."
