GENERAL INFORMATION Know and obey all nautical rules and laws of the waterways. Boat operators should complete a boating safety course. Courses are offered in the U.S.A. by 1) The U.S. Coast Guard Auxiliary, 2) The Power Squadron, 3) The Red Cross and 4) your state boating law enforcement agency. **TRANSPORTING** Trailering

Boat/Outboard Trailer your boat with the outboard tilted down in a vertical operating position. If additional ground clearance is required, the outboard should be tilted up using an accessory outboard support device. Refer to your local dealer for recommendations. Additional clearance may be required for railroad crossings, driveways and trailer bouncing. **Passenger Safety Message - Pontoon Boats and Deck Boats. Mirage Plus, High Five, Trophy Sport, Vengeance, Laser II, Black Max, Bravo Two.** **GENERAL INFORMATION** - A rapid reduction in speed. This will cause occupants to be thrown forward, or even out of the boat. - Impact damage to the outboard and/or boat. Keep in mind,

the most important thing you can do to help reduce injury or impact damage during an impact is control the boat speed. Mercury Marine products and services may vary by region. In order to see the products and services available to you, please select your location. Fly over shallow-water obstacles with the greatest of ease. Quick and easy. The Mercury Sport Jet features award-winning OptiMax two-stroke Direct Injection technology - providing instant turn-key starting, no-smoke operation, outstanding fuel economy and excellent power. Plus, it's incredibly easy to use and maintain. Mercury's Hydro-Surge automatic weed cleanout system eliminates debris from the jet intake, so there's no worry about weeds clogging the engine. The Mercury Sport Jet also features a self-draining cooling system - which means less work at the dock and more fun on the water. GENERAL INFORMATION ob00314
The primary concern is the boat changing direction while in

the midst of the jump. In such case the landing may cause the boat to veer violently in a new direction. Such a sharp change in direction can cause occupants to be thrown out of their seats, or out of the boat. Mercury Diesel engines offer a sophisticated diesel-engine experience: Advanced turbocharging and injection technologies produce a powerband that's carefully calibrated for marine performance and outstanding economy. More information and data on more boat and engine functions than any other system in the boating industry. FUEL AND OIL After the break-in fuel mixture is used up, it is no longer necessary to add oil with the gasoline. NOTE: At the end of the break-in period, visually check to see if the oil level in the oil injection tank has dropped. Oil usage indicates the oil injection system is functioning correctly. Mercury redefined the way horsepower meets the water by building the first-ever V12 outboard. At 500hp, it's our most powerful, most capable commercial outboard yet. You need PolyLang or WPML plugin for this to work. You can remove it from Theme Options. Achilles SG-140 Hypalon Inflatable trailer and 25 hp mercury. Mercury has been making engines ever since they got their start in a small machine shop in 1939. This brand is renowned for its legendary durability and

toughness. Customers love Mercury engines because the company is constantly innovating, but they also stick to some of the core engineering principles that make their products so reliable. Mercury's outboard engines range from the Verado, Pro XS, FourStroke, SeaPro, FourStroke, Jet, and the OptiMax.. [683](#) [684](#) [685](#) [686](#) **687** [688](#) [689](#) [690](#)
